This morning enjoy breakfast and a visit to the local craft markets before we take a **Walk in the Wild.**

On a guided walk through one of Norfolk's last old-growth *Viny-Hardwood Forests* we explore a living time capsule of ancient trees and rare life. Discover the forest's hidden world of endemic birds, insects, unique plants, and elusive fungi. Hear stories of how these plants shaped local history and culture, meet some iconic figures from Norfolk's past and uncover why protecting these wild places is vital for the future of the island and generations to come.

We return to our accommodation and have some to purchase lunch (own expense) before our next tour.

This afternoon we have the **Half Day Island Orientation Tour**, a must-do Norfolk Island experience, introducing travellers to the island's history and life as it is today. From the historic Kingston to famous convict buildings and beautiful beaches the tour offers plenty of opportunities for travellers to take some photos and be fully informed about this fascinating island.

Early this evening we are transferred to **Hilli's Restaurant** , a top-rated restaurant on the Island, where we will enjoy a delicious dinner.

The word *Hilli* is derived from the local Norf'k language, meaning a drowsy, lazy feeling of lethargy after enjoying good food, wine, and company.

This morning following breakfast we have the **Norfolk Today** tour.

We will learn how Norfolk Islanders live in the 21st Century and the essential services that make life on a tiny South Pacific island possible. How they bring petrol and gas onto the island; power their world; deal with waste; forecast the weather; keep themselves informed and make a global contribution. This is a real behind the scenes experience, which shows the true workings on Norfolk Island.

This afternoon we have time at leisure for shopping or relaxing.

This evening we step back in time to 1859, 3 years after the arrival of the Pitcairn Islanders in 1856, on Norfolk Island. We dine with the chief magistrate Frederick Young and his Wife Mary whilst we help solve the mystery of **"Who killed the surveyor?"** Tonight we will become both audience members and actors. Events will unfold as the story weaves through a delicious 3-course meal. You, as a participant, get to take the reins of the story. A fantastic way to become immersed in Norfolk's history in an entirely different way.

Enjoy breakfast this morning before we are taken on an exclusive guided tour to the home of world-renowned author, the late **Colleen McCullough**, who made Norfolk Island her home in 1979 and stayed until her passing in 2015 with her husband Ric Robinson.

This afternoon's tour, **Taste of Norfolk,** will have us discovering the flavours, traditions and passionate local producers that make Norfolk Island's food story so unique. This relaxed tour introduces us to a selection of island producers and makers. There are opportunities to hear their stories, see how local products are created and enjoy tastings along the way. Meet a local salt maker producing sea salt from the pristine waters surrounding Norfolk Island. Sample locally raised beef and discover the small-scale, hands-on approach that is such an important part of island life. We will also enjoy tastings of traditional dishes inspired by recipes and techniques passed down through generations, including a taste of local in-season produce. We'll learn of Norfolk Island's emerging tea industry. Sample a selection of locally blended teas before visiting a beekeeper to learn about the island's bees and enjoy a tasting of local honey.

This evening is at leisure for dinner (*and own expense)*, however there will be a table reserved for the group at the Bowling Club Bistro, which is a short walk next door to our accommodation.

An early start today sees us taking a leisurely **Breakfast Bushwalk** through the National Park. At the end of the walk, we meet on the clifftop for a delicious breakfast barbeque. *Those that don't want to do the walk will be picked up in time to join the walkers for breakfast.*

Upon returning to our accommodation there is free time for relaxing or doing some shopping.

Early afternoon we are picked and taken to **Kingston,** for the **Convict History Tour,** an in-depth tour of the historic Georgian settlement of Kingston. This is a great opportunity to learn more about the history of Norfolk's penal settlements and wander through some of the historic ruins.

This evening we are taken on a **Progressive Dinner to Island Homes.** We get to enjoy a 3-course meal progressing to different Norfolk Island family homes throughout the evening. This is a fun night and a great way to meet the local people and sample some of the Island dishes.

This morning after breakfast we explore the heart and soul of Norfolk Island on the **Over the Cattlestops** tour, where you'll discover the hidden gems of the local industries. Meet the skilled artisans and entrepreneurs behind the island's thriving businesses as they showcase their unique crafts and specialties. From handcrafted pottery to locally made soft drinks, we'll have the chance to taste and purchase some of the finest locally made products. Along the way, we'll stop at a stunning scenic spot for morning tea, where you can soak up the breathtaking natural beauty of the island.

Mid afternoon we will be transferred to the **Bounty Folk Museum,** a treasure chest of history, an Aladdin's cave full of fantastic collections, excellent learning resources and inspiring information stretching back to 1788. The Bounty Folk Museum tells the strange and startling history of Norfolk Island, from the harrowing tales of ill-fated convicts brought here, to the against-the-odds survival of the Bounty mutineers and their Tahitian wives. Though small in size, the museum is wide in scope, with lots of artefacts to pore over. Discover Bounty memorabilia, early photographs of Pitcairn settlers, old weapons and some frankly quite terrifying antique medical instruments.

Early evening be ready for a night of delicious food, live music, and stunning views on. The **Island Fish Fry** is the must-do event for anyone visiting the island, and it's not hard to see why.

For over 40 years, this incredible event has been serving up a feast of local dishes, salads, and homemade coconut bread, all topped off with mouth-watering fried local fish that will leave you wanting more. But the food is just the beginning - the real magic happens as the sun sets over the stunning coastal scenery. While we can't guarantee a sunset, you're guaranteed an amazing view.

Norfolk Island's food has zero food miles—it's truly paddock to plate.

And this morning after breakfast we are treated to the **Paddock to Plate** tour, where we'll visit a market garden that supplies vegetables to the Island and learn about providing seasonal produce. We'll also tour a farm with beef cattle to understand the unique farming practices on Norfolk Island. Next, we'll visit a free-range chicken farm and learn how they supply the Island with farm fresh eggs. Our final stop will be at a local home for a delicious two-course lunch featuring local ingredients.

This afternoon we are taken to **Fitzy's Lavender Farm.** The Lavender Farm Tour includes an informative talk on the journey to setting up Norfolk Islands first ever Lavender Farm. We'll hear about the challenges of importing bare rooted plants into the island whilst enjoying an easy walk round the farm. Learn about the 15 different Lavender Varieties that have been planted and see their other commercial plantings of Sage, Rosemary, Rose Geranium, Sunflowers and vegetables that are grown on Fitzy's Farm.

As this is our last night on the Island, it's only fitting that we have a **Night as Convict Dinner.** Tonight is bound to be a fun time as we dress* like convicts and join in with the Commandant for an evening of gaiety, feasting, singing & dancing. Be sure to bring along your fun spirit and good sense of humour!

This will be followed by a stroll through **Queen Victoria's Garden** after which you may choose to walk back into town or take the short bus ride back.

Sadly our time in this remote paradise is coming to a close and upon returning to our accommodation we will need to meet in the transit lounge before we are transferred to the Norfolk Island airport to check in for our return flight to Brisbane.
